Category of Nomination - Check One
Trinity Lutheran Church *non-budgeted* Special Program/ Building Improvement
Special Community Ministry
Special Benevolence Project

The difference between a Special Community Ministry and Special Benevolence Project:
A nomination for a Special Community Ministry supports the organization's overarching ministry; a nomination for a Special Benevolence Project is for a specific use. As an example, a Special Community Ministry might be general support for A Wider Circle (AWC) and a Special Benevolence Project might be an AWC building project campaign or specific program .
